Mercantile paper of the action of the action of the action as 143%, and closed 143% bid. The exchange market was not so strong; it was difficult in the morning to sell the best bills at 156; later in the

day the rate was 156%.

The stock market was better this morning. The recent decline appeared to have brought in new buyers. At the merning board Pacific Mail rose 2, New York Central 1, Erie 1/2, Erie preferred 1/4, Hudson 1/4, Harlem 1/4, Harlem preferred 1/4, Pittsburg 1/4, guaranteed 2, Rock Island 1/4, Toledo 1/4. The hears continue to offer their options, and the short interest is probably as large as it was before the recent decline. Governments were steady; bonds rather inactive. At the one P. M. call the market was sluggish, and with a few excep-tions prices were lower, under the offerings of operators for a decline. In the afternoon the market was slightly better again. Erie and Pittsburg rose 1/2 each, and the Harlems were very strong. At the close the following were the quotations:-

Since our last business in American securities in London has been interrupted by two holidays. There has, however, been a fair amount transacted. The recent advices from America reporting exchange up to 188, without a corresponding increase in the quotations for Socurities, have caused a scoppage of the late demand for United States bonds; the same cause has had the effect of espressing Eric and Uliniots shares \$2 per share. In reliroad bonds there have been few transactions, except in Atlantic and Great Western first mortgage (Pennsylvania section), the price of which is firmly maintained.
